No problem if you don't have any Scottish heritage, just find a tartan and name you like and adopt it as your own for a day. Adopt a Scottish accent for extra cultural immersion.

Wallace Red

THE MACLEAN TARTAN POLES PROJECT

The Maclean Scottish Town Association is a voluntary community-based publicly elected organisation which was founded in 1986 to promote the Scottish heritage and cultural identity of Maclean and district.

There have been many achievements made by the hard-working committee over the intervening years, including both permanent fixtures and cultural events - but all contributing to the cultural improvement and betterment of the town. The most visibly evident and successful of our projects has been the painting of tartan designs on power poles through the town's main thoroughfares. The idea was launched back in 2000 when it was decided by the committee to paint 'half a dozen' poles in the CBD with tartan designs to coincide with the arrival of the Olympic Torch, which was to be conveyed through the town at that time.

The relevant approvals were obtained to carry out the work in readiness for the Torch procession through town, and the poles were painted. However the designs attracted so much favourable comment that the committee decided to add further poles, especially following the considerable public demand which then followed for 'family tartans' to be painted.

Hence the painting was carried on through the main street of town and was extended from there so that today we have an avenue of tartan poles right through town from Harwood Bridge, to the southern approach to town at Ferry Park. Many poles have also been painted in streets in and around the CBD, in Wharf and Union Streets, and at Townsend and Gulmarrad.

The committee has now painted over 210 poles (including those in the Townsend, Gulmarrad and Ilarwill areas) and, due to the workload on our voluntary members, has now decided to 'call it a day' at that number. We will now concentrate on repainting and repairing existing poles as they become damaged or faded, to ensure that their appearance is maintained.

We are sure that you will appreciate the wonderful display of colour and variety that exists with these poles in your travels through our lovely town. It is also important to acknowledge that all of the tartan designs on our poles (since the very first pole) have been painted by our resident artist, Linda El Mir, who has contributed so much to our town's visual environment.

- Maclean Scottish Town Association
